THE SPECIALIST FOR INDIVIDUAL IPC-SOLUTIONS

TRANSPARENT PRODUCT PORTFOLIO AND INNOVATIVE SOLUTIONS FOR YOUR SUCCESS

Traditional values, innovation, and passion have been attributes of family enterprise BEG Bürkle for more than 25 years. We have been producing and distributing Industrial PCs all over the world since 1983. Each year about 5000 computers of various configurations are shipped by our company.

With our latest product portfolio we offer you even higher service quality, improved customer relations and more transparency. A range of four different product lines offers solutions for any customer demands. Choose your desired computer from these programs: **Rackline**, **PANELline**, **Boxline**, **Sysline** oder **SUBCOLine**.

Your vision is a computer that is built to exactly meet your requirements? We specialize in innovative and individual customized solutions, which we gladly develop for you. It goes without saying, that long-term availability and intensive quality insurance have top priority.

Our main goal is to offer our customers products of highest excellence and usefulness. Allow us to contribute to your success as a strong partner.

We are satisfied when you are!
